

Instructions for Submission of Camera-Ready Papers Using CMT

Authors of accepted papers are required to submit the following three mandatory files for the camera-ready version using the CMT (Conference Management Toolkit) system. Please ensure you complete the following two crucial tasks before submitting your camera-ready materials:

- Thoroughly review and incorporate all comments and suggestions provided by the reviewers. Ensuring that all feedback is addressed will significantly enhance the quality and impact of your paper.
- Ensure your paper follows the Springer’s LNCS paper template, including all formatting aspects such as margins, fonts, headings, and reference styles.

You are required to submit the following three mandatory files into CMT:

1. **Original Source Files of Paper(Latex as a ZIP or Word)**
2. **PDF Version of Paper**
3. **Completely Filled and Signed Copyright Form**

1. Log in to CMT

Log in to CMT portal using your registered email and password. Once logged in, you will see the Author Console. Make sure you select your **role as author**. From the following console, click on “**Create Camera Ready Submission**”.

The screenshot shows the CMT Author Console interface. At the top, there is a navigation bar with 'Submissions', a search bar, 'Help Center', 'Select Your Role : Author', 'ISBCom2024', and 'Akhtar Jamil'. Below the navigation bar, the 'Author Console' title is displayed. The main content area shows a table of submitted papers. The table has columns for Paper ID, Title, Files, Status, and Actions. Two papers are listed: Paper ID 56 and Paper ID 63. For each paper, the 'Camera Ready' section in the 'Actions' column has a 'Create Camera Ready Submission' button highlighted with a red box.

Paper ID	Title	Files	Status	Actions
56	Classification of Brain-MRI Images using a Stacked-deep-network ensemble model into multiple region-based classes <small>Show abstract</small>	Submission files: Brain_ISBcom_V1.docx Camera Ready : ISBcom_Cameraready.docx	Accept Reviews	Submission: Edit Submission Edit Conflicts Delete Submission Camera Ready: Create Camera Ready Submission
63	A Comprehensive Framework for Electronic Medical Records (EMRs) Leveraging Blockchain Technology <small>Show abstract</small>	Submission files: ISB-Paper.docx	Accept Reviews	Submission: Edit Submission Edit Conflicts Delete Submission Camera Ready: Create Camera Ready Submission

2. Upload All Materials to CMT

In the “**Create Camera Ready Submission**” console, you can drop all your files or upload them by clicking the “**Upload from Computer**” button. Check the required checkboxes and then click on the “**Submit**” button. Please note that you can upload a maximum of 3 files with a file size not exceeding 50 Mb. The system only accepts **doc, docx, pdf, zip, or rar** file formats.

The screenshot displays the 'Create New Camera Ready Submission' page in a web browser. The browser's address bar shows the URL: `cmt3.research.microsoft.com/ISBCom2024/Submission/CameraReadyDetails/63`. The page header includes navigation options like 'Submissions', 'Search help articles', 'Help Center', and user information for 'Author' and 'ISBCom2024'.

The main content area is titled 'Create New Camera Ready Submission'. It contains the following elements:

- A notice: "To submit your camera-ready paper, ensure you have addressed all the suggestions provided by the reviewers to improve your manuscript and also follow Springer's LNCS paper formatting guidelines. Authors of accepted papers are required to submit the following three mandatory files: Original Source Files of Paper(Latex as a ZIP or Word) PDF Version of Paper Completely Filled and Signed Copyright Form"
- Paper ID: 63
- Upload instructions: "You can upload from 1 to 5 files. Maximum file size is 50 Mb. We accept doc, docx, pdf, zip, rar formats"
- Upload area: A dashed box containing "Drop files here -or- Upload from Computer" with a red box highlighting the "Upload from Computer" button.
- ADDITIONAL QUESTIONS section:
